

Ciria Rios (b. 1985)
Coronado High School

Toxic Shock (Syndrome), 2003
silver prints and neon
10 x 46½ inches each

The color of blood is blue
runs through the body
into the air,
Gives Life turns Red.
Very rare, Stops, Shocks,
The river Stops. No more life
Stops, Toxic Shock
With every month that comes
You risk an intrusive Poison.
Stop.
Read The Fine Print.
